

# S-1

## Nuforce One Year Limited Warranty

### WARRANTY COVERAGE

Nuforce's warranty is specified in **NuForce Terms and Conditions of Sale**. If a defect exists, at its option Nuforce will (1) repair the product at no charge, using new or refurbished replacement parts, (2) exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product, or (3) refund the purchase price of the product. A replacement product/part assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes Nuforce's property. When a refund is given, your product becomes Nuforce's property.

### OBTAINING WARRANTY SERVICE

If you purchased the product in the U.S., deliver the product, at your expense, to any Nuforce Service Center located in the U.S. If you purchased the product outside of the U.S., deliver the product to any Nuforce Authorized Importer in the country where you purchased the product. Be aware, however, that not all countries have Nuforce Authorized Service Providers and not all Authorized Service Providers outside the country of purchase have all parts or replacement units for the product. If the product cannot be repaired or replaced in the country it is in, it may need to be sent to a different country or returned to the country of purchase at your expense for repair or replacement. You can always deliver the product to NuForce's U.S. main service center for obtaining warranty service.

### EXCLUSIONS AND LIMITATIONS

This Limited Warranty applies only to hardware products manufactured by or for Nuforce that can be identified by the "Nuforce" trademark, trade name, or logo affixed to them. The Limited Warranty does not apply to any non-Nuforce hardware products or any accessories, even if packaged or sold with Nuforce hardware. Non-Nuforce manufacturers, suppliers, may provide their own warranties. Other accessories distributed by Nuforce under the Nuforce brand name are not covered under this Limited Warranty. This warranty does not apply: (a) to damage caused by accident, abuse, misuse, misapplication, or non-Nuforce products; (b) to damage caused by service performed by anyone who is not an Nuforce Authorized Service Provider; (c) to a product or a part that has been modified without the written permission of Nuforce; or (d) if any Nuforce serial number has been removed or defaced.

THIS WARRANTY AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED. NUFORCE SPECIFICALLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IF NUFORCE CANNOT LAWFULLY DISCLAIM IMPLIED WARRANTIES UNDER THIS LIMITED WARRANTY, ALL SUCH WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. No Nuforce reseller, agent, or employee is authorized to make any modification, extension, or addition to this warranty.

NUFORCE IS NOT RESPONSIBLE FOR DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOST PROFITS, DOWNTIME, GOODWILL, DAMAGE TO OR REPLACEMENT OF EQUIPMENT AND PROPERTY, ANY COSTS OF RECOVERING, REPROGRAMMING, OR REPRODUCING ANY PROGRAM OR DATA STORED IN OR USED WITH NUFORCE PRODUCTS, AND ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF DATA STORED ON THE PRODUCT. NUFORCE SPECIFICALLY DOES NOT REPRESENT THAT IT WILL BE ABLE TO REPAIR ANY PRODUCT UNDER THIS WARRANTY OR MAKE A PRODUCT EXCHANGE WITHOUT RISK TO OR LOSS OF PROGRAMS OR DATA.

Some states and provinces do not allow the exclusion or limitation of incidental or consequential damages or exclusions or limitations on the duration of implied warranties or conditions, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary by state or province.

The S-1 is a desktop speaker designed to coordinate with the Nuforce Icon. Specifically, a standard RJ-45 Cat 5 cable signals the Icon's equalizer to optimize the S-1's response characteristics. The tight integration with Icon and unique design enable S-1 to achieve sonic performance equivalent to speakers costing several times its price.

The S-1's full-range, Nuforce-engineered driver utilizes a lightweight yet rigid titanium cone, a die-cast basket with a vented voice coil, and a neodymium motor structure, all of which contribute to the speaker's excellent linearity and power-handling capabilities.

A waveguide feature similar to that of NuForce's top-of-the-line S-9 loudspeaker accounts for the S-1's exemplary midrange gain, dispersion pattern and eradication of diffraction artifacts.

There are three basic benefits to the waveguide:

1. It controls dispersion thereby reducing the effect of nearby reflective surfaces.
2. It reduces speaker cone excursion and therefore distortion, while increasing dynamic headroom.
3. It reduces power demand from the amplifier and therefore lowers distortion while increasing dynamic headroom.

To optimize the S-1's bass, position the speakers close to some manner of back panel: hanging on a wall, for example, or on a stand close to a wall. However, the wall should not be too far from the sitting position.

We regard the S-1 as a high-fidelity component. As with most hi-fi equipment, if your source is mediocre, the S-1 probably won't sound better than other desktop speakers. It's the old story: garbage in, garbage out. On the other hand - and to say it again -- if you're listening to a high-quality source, you'll be delighted with the S-1's performance.

*'Break-In' Time – A brand new S-1 will achieve its desirable sonic quality after 40 hours of use.*

### Specifications:

- 3.5" Titanium full-range driver
- Neodymium magnet
- Impedance: 8 Ohm
- Sensitivity 87dB 1W/1m
- Frequency Response: 80 Hz to 20 kHz
- Maximum power input: 30W
- Dimension: 9.5" x 6" x 4.75"
- Weight: 5.5 lb each
